

**Central Line-Associated Bloodstream Infection (CLABSI) Statewide Consumer Report**  
**Reportable Period: January 1, 2018 - December 31, 2018**

**LEGEND**

	Fewer events ( <b>better</b> ) than predicted based on the national experience *	=	About the <b>same</b> number of events as predicted based on the national experience *		More events ( <b>worse</b> ) than predicted based on the national experience *	<b>No Conclusion</b>	When the number of predicted events is less than 1, no conclusion can be made		Congratulations on achieving <b>ZERO</b> infections!
<i>*National experience contains data from 2015 for Central Line-Associated Bloodstream Infection (CLABSI) Events</i>									

**Central Line-Associated Bloodstream Infection (CLABSI) Consumer Report by Facility and Unit Type**

*Illinois collects CLABSI data from adult and pediatric intensive care units (ICUs), and neonatal ICUs (NICUs). Only those unit types from which data have been reported and/or that are present in the facility will be shown in the following summary tables*

**Central Line-Associated Bloodstream Infection (CLABSI) Statewide Consumer Report**  
**Reportable Period: January 1, 2018 - December 31, 2018**

***Adult Burn Intensive Care Unit***
